Phone Number

Is your organization a tax-exempt? Yes

Date of tax exemptions status granted: 10/20/04

Is your organization a nonprofit 501(c)(3)? Yes

Date status granted: 10/20/04

Tell us about your organization.

We are a non-denominational christian church serving the Morris county area based in White City KS.

Project Information

Name of project: Parking lot structuring

What geographic area will be served: White City, KS. area

Who will benefit: Morris County and White City, KS. families.

05/2019  
Anticipated Project Start Date

06/2019  
Anticipated Project Completion Date

What is the purpose of this project; what specifically will it accomplish?

Our parking lot is currently a grass area. We are wanting to resurface using gravel for a better foundation and a more level surface for easier and safer church access.

What problem is this project attempting to solve?

Safer parking and easier church access.

Who else in the community is working on this issue? Please list all other groups and/or committees.

N/A

How will the project be implemented and how will you coordinate with others working on this issue?

We are using a contractor to properly level the area and resurface to the most proper method and the most beneficial outcome.

What local support is there for this project?

Church members

Financial Information

\$4550-\$6650  
Total Project Cost

\$7000.00  
Amount Requested from CGAF

Please list the amount and source of pledge or commitments to date:

None. We are relying on church membership.

Please list any additional funding requests that will be made:

None.

In Reference to:	Work performed at:
Christian Church parking lot New Gravel driveway	301 S Adolph St. White City, Ks 66872

**Labor and Material:**

<b>Labor/Equipment:</b>		
- Dirt grade and prep work		
- Apply underlayment (optional)		
- Apply gravel to parking area		
- Skid loader		
<b>Total Labor + Equipment:</b>		\$1050
<b>Materials:</b>		
- Driveway gravel - MCM - approx. 5-8 Loads needed @ \$700 per load includes Freight + Miles + Taxes		\$3500- \$5600
- *Underlayment		
<b>Total:</b>		\$4550- \$6650

- This estimate is based on about 6800 sqft of parking and entry area that would need graveled. Figuring on the gravel being approximately 4in depth and therefore we are thinking the total loads needed should be closer to 5-6 loads but could be up to 8 loads. We can also apply as many loads as desired i.e. if the church decided the budget only allows for 3 4 or 5 loads then we can apply that amount instead and do the most needed area and finish at another time when budget allows for more, however it is cheaper in labor to do as much as possible at one time.

\***Underlayment** - The underlayment is optional but recommended. The underlayment comes from the soil conservation offices in Morris County. They call the underlayment Cow Carpet, it is a fiber material and the purpose of it is to reduce pot hole development and prolong gravel efficiency. The material comes in a 4300 sqft roll and cost of the roll + tax is approx \$800. Now one roll would not be quite enough for the entire project but we could apply one roll to the most needed area or we can purchase more to do entire project which would cost an additional approx. \$320
