Tell us about your organization.

We are the only child care center in Herington, our opening date was 2005. We service children ages 4 weeks to 5 years of age, with a licensing capacity of 26 children. Our long term goals include helping children to become creative, independent thinkers. We respect and believe that each child is a unique individual with the ability to construct knowledge about themselves, others and the world around them. Our program offers field trips to the library for story time and swimming lessons in the summer. We also accept DCF for payments, and we are partnered with CACFP for the food program.

What is the purpose of this project; what specifically will it accomplish?

The purpose is to give the preschoolers the opportunity to climb and to pretend play with their friends, and to develop their gross motor skills. The director will be able to keep up with record keeping this will make it easier to get reports out.

What problem is this project attempting to solve?

It is attempting to solve the problem of giving the children something to climb and slide on and to be safe. Recordkeeping will be more efficient.

Who else in the community is working on this issue? Please list all other groups and/or committees.

Only the center

How will the project be implemented and how will you coordinate with others working on this issue?

We are wanting to buy a little tikes structure that will allow the children to use their gross motor skills and it will be put together by volunteers. We would also like to purchase a computer for the office, by doing this the director will be able to use new programs for record keeping and the teachers can get their lesson plans typed. The project will be implemented by buying the items and by having volunteers help put it together.

What local support is there for this project?

None at this time, we are having a fundraiser for this project in May.
