The Management Group was formed to assume responsibility for the management of the camp. Previously the camp was owned and operated by the Kansas-Oklahoma Conference of the United Church of Christ and in 2013 the ownership was transferred to us. We are responsible for managing the camp - hiring a camp director who in turn plans programming and hires staff.

What is the purpose of this project; what specifically will it accomplish?

Elementary students in Morris County will have the opportunity to spend 3 days at the camp participating in activities designed to increase confidence and self-esteem and teach them to get along with their peers. Physical activity is an important component. Funds received allow students to attend at no cost to families.

What problem is this project attempting to solve?

The importance of this project takes on more this year than ever before. Students faced much upheaval in their lives during this past school year and social interaction with friends was not possible. Hopefully this camp will be able to be held and kids can come together and be kids enjoying each other and activities.

Who else in the community is working on this issue? Please list all other groups and/or committees.

There are historically many groups in the area working on youth activities. So far we have learned that baseball is not going to happen and decisions on swim club and softball have not been announced. 4-H camp has been canceled. We are hoping that we will be able to continue.

How will the project be implemented and how will you coordinate with others working on this issue?

Publicity is being handled by the Camp through social and print media.

What local support is there for this project?

Funds received so far include \$2500 from Young, Nystrom, and Trembly = \$7500; \$1000 from Hylton and Community Thrift Store = \$2000; \$1000 pending from a local church
