What is the purpose of this project; what specifically will it accomplish?  
The purpose of this project is mainly to provide White City prom goers and their dates a safe environment after the prom dance is over. By providing entertainment, games, food and prizes, we are keeping these kids safe after prom is over.

What problem is this project attempting to solve?  
The problem we are attempting to solve would be keeping the kids safe after the prom dance is over.

Who else in the community is working on this issue? Please list all other groups and/or committees.  
This is a project taken on by the White City High School Senior parents.

How will the project be implemented and how will you coordinate with others working on this issue?  
There is a lot that goes into a successful After Prom Party. We are in the beginning stages of planning. Fund raising planning has already started. Meetings will need to be held to decide location of the event (last years was held at the school, but After Prom has been held at the YMCA in Junction City as well as locations in Salina) as well as games and entertainment, and food.

What local support is there for this project?  
White City has a lot of support for the After Prom Party. In the past, donations have been asked for and received by local business. Fund raising done by the Senior parents such as "pop a shot" at half time of the home basketball teams always floods the gym floor with little ones trying to sink a shot for a 2 liter of pop.
